Description

We are looking for proactive, imaginative and committed people to join us and make a difference to the lives of people with communication challenges.

Include.org runs training, activities and The Award-Winning Include Choir which uses and teaches inclusive communication skills and is made up of people with and without learning or communication disabilities.

The Include Choir sings, signs and shares a weekly song video on our [YouTube Channel](#) as part of its awareness-raising activity. During the Covid-19 crisis, we have had to rapidly pivot and help our members create and access our choir online.

To help remind the world of the importance of inclusion and continue providing the sense of community The Include Choir brings- we create virtual videos weekly. This role is perfect for anyone with a passion for using video to tell a story and give people a voice. Our weekly videos are around 2 minutes long, combine a range of film, photographic and audio elements and are created to a weekly deadline. Your work will be shared on website and social media platforms and is a great way to gain experience with a fun loving team.

Training

Communication Disability Awareness training will be provided as part of the induction. Supervision and out of pocket expenses will be provided.
