

Volunteer Role: Video Editors

Include Choir – Campaign or Promotional Video Creation

Hours per week

2- 4 hours per week (depending on experience)

Location

Include.org is an exciting & innovative charity based in Redhill, Surrey. Work is carried out from home, though in 'normal' times, an initial visit is recommended.

Description

We are looking for proactive, imaginative and committed people to join us and make a difference to the lives of people with communication challenges.

Include.org runs training, activities and The Award-Winning [Include Choir](#) which uses and teaches inclusive communication skills and is made up of people with and without learning or communication disabilities.

People with learning, understanding and speaking difficulties have had a tough time during the Covid-19 crisis. They have lost access to activities and the community and are at risk of being forgotten by the communities they live in, if we don't find a way to help them have their voices heard.

The Include Choir is all about being heard and seen. But in this time of virtual communication - we need great quality video resources.

You will use your skills to create eye-catching videos which share our message and help us raise emergency funds. This role can be a one-off or a rolling opportunity. It is perfect for anyone with a passion for using video to tell a story and give people a voice. Your work will be shared on our website and across social media platforms and is a great way to gain experience with a fun-loving team.

Training

Communication Disability Awareness training will be provided as part of the induction. Supervision and out of pocket expenses will be provided.

What do you need?

Essential: An inclusive attitude, ability to prioritise and multitask, time management skills, willingness to learn, sense of humour, ability to plan and work independently

Desirable: Experience in video-editing software (own software definite advantage) film- making, experience of working with people with learning or communication disabilities, own equipment (though equipment can be provided if necessary)
