

The Butterfly Effect Song

The Butterfly Song

Butterfly, flap your wings; And you could change so many things

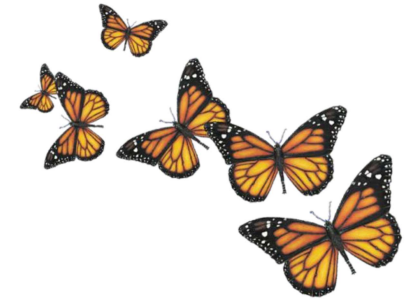

No matter how small you are;

You can cause

storms

afar.

The Butterfly Song

Knock sides of fists twice

Can do so much if we are shown; we want a place to call our own

Hands make a short, strong forward movement

Middle finger rubs up and down for about 5cm

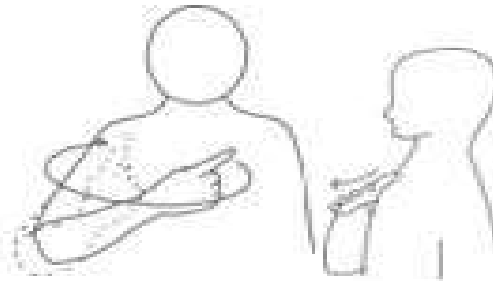

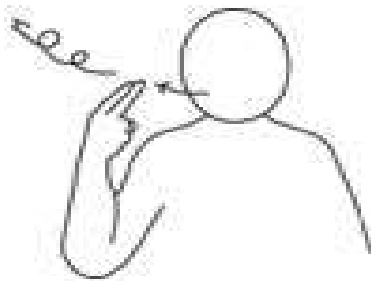

We need more houses that will give us independent lives to live

Jamie's Verse

The Butterfly Song

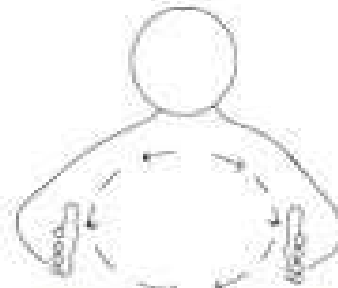

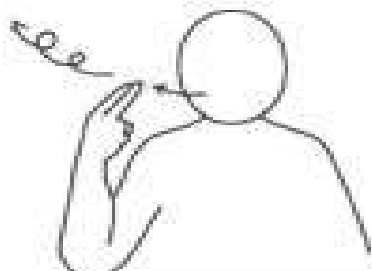

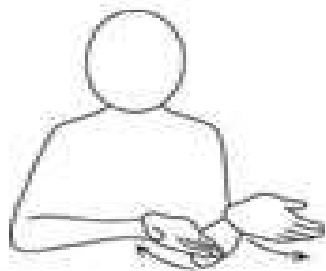

Chorus

Fists twist
towards body
and circle
backwards
around each
other

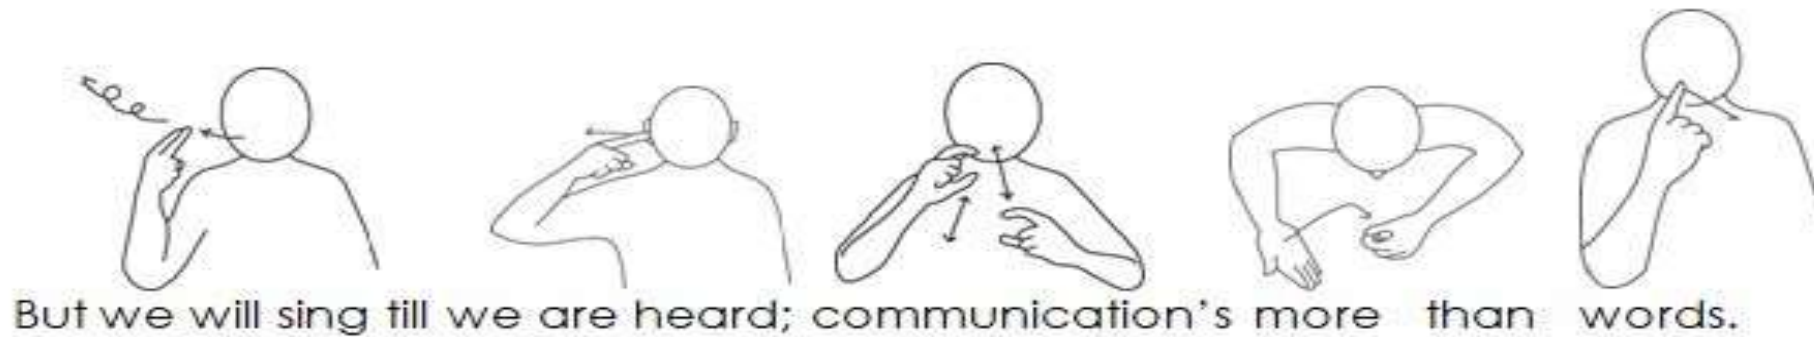

Butterfly, that's why we sing; We all want to change things

By sharing our songs, we'll make a world where we all belong.

X 2

The Butterfly Song

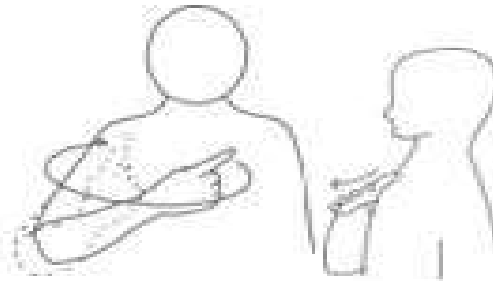

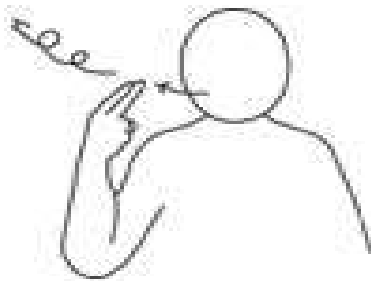

Michael's Verse

The Butterfly Song

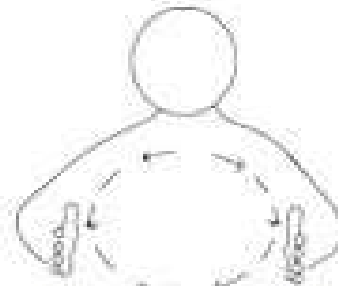

Chorus

Fists twist
towards body
and circle
backwards
around each
other

Butterfly, that's why we sing; We all want to change things

By sharing our songs, we'll make a world where we all belong.
