

Small Flag, Big Improvement

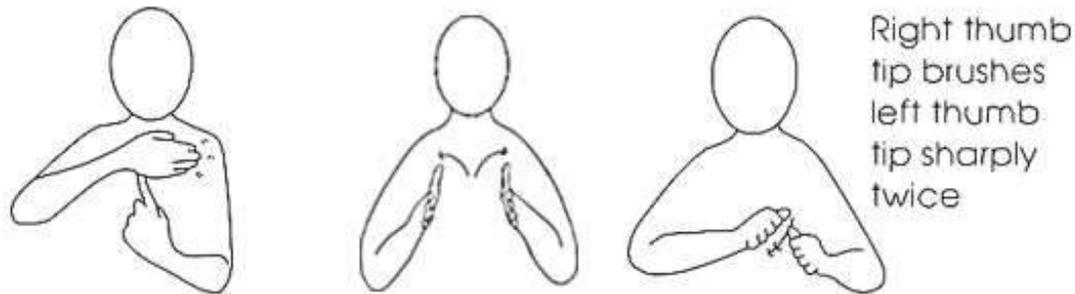

Reasonable Adjustments

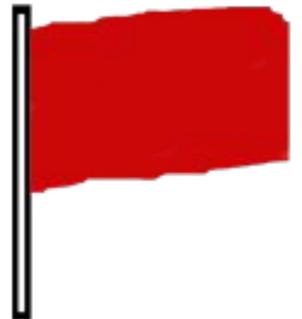

Chorus

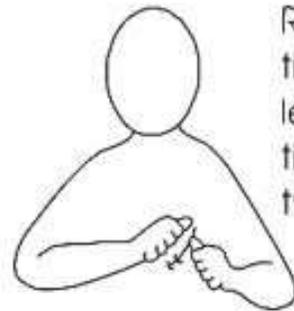

It's a small flag for a big improvement

A small flag, but a big improvement

Right thumb
tip brushes
left thumb
tip sharply
twice

It's a small flag and a big improvement.

Fists twist
towards body
and circle
backwards
around each
other

Join us and make a fair change.

VI

I went to the doctor, but what did I find?

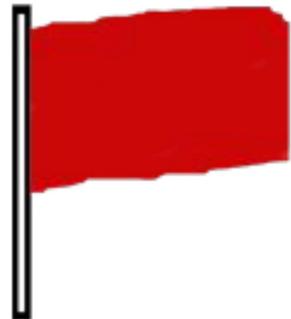

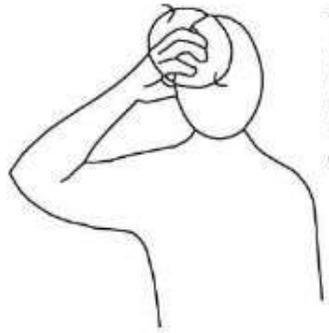

With flat palm, thumb on side of chest, hand moves down then forward. Repeat for needs

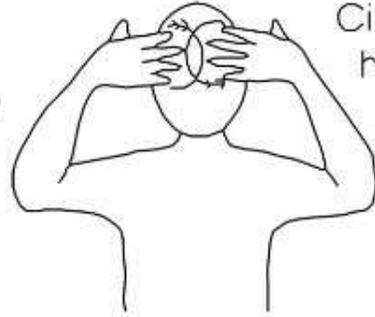

Tap twice

He had no idea that I needed more time

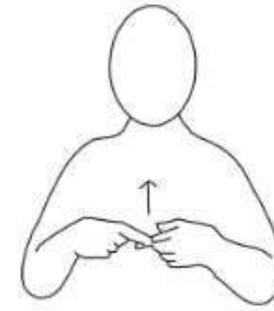

Tense hand
Use both
hands if very
worried

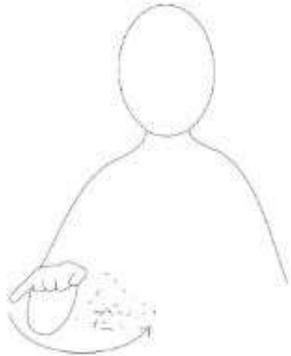

Circling clawed
hands overlap
in alternating
movement

I was anxious,

confused

it was all such a rush

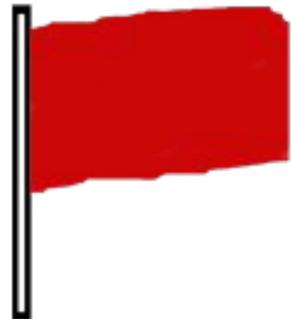

Fists twist
towards body
and circle
backwards
around each
other

If only he'd

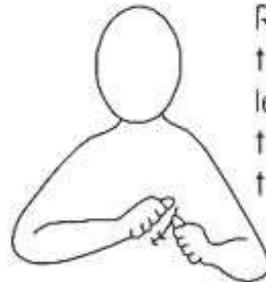

known to

reasonably

adjust.

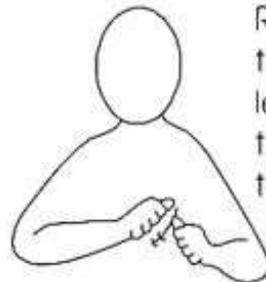

Chorus

Right thumb
tip brushes
left thumb
tip sharply
twice

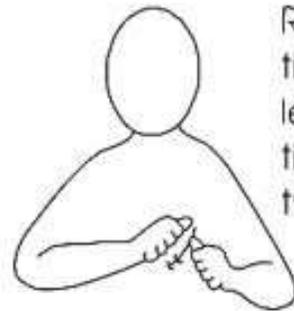

It's a small flag for a big improvement

Right thumb
tip brushes
left thumb
tip sharply
twice

A small flag, but a big improvement

Right thumb
tip brushes
left thumb
tip sharply
twice

It's a small flag and a big improvement.

Fists twist
towards body
and circle
backwards
around each
other

Join us and make a fair change.
