

Any Dream Will Do

<https://mldb.org/>

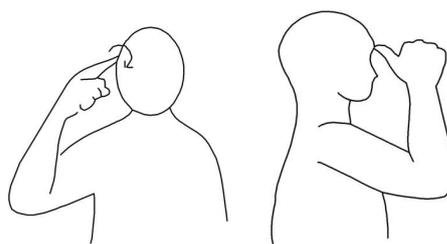

(mime drawing curtains)

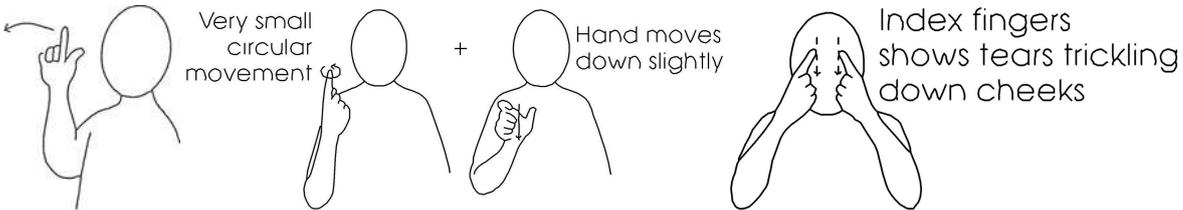

v1: I closed my eyes, drew back the curtain

Hand strikes palm deliberately

To see for certain, what I thought I knew

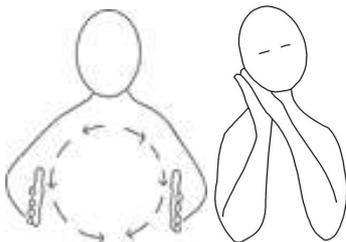

Very small circular movement

Hand moves down slightly

Index fingers shows tears trickling down cheeks

Far, far away, someone was weeping,

But the world was sleeping.

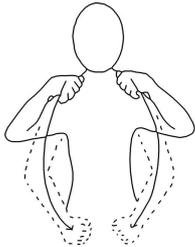

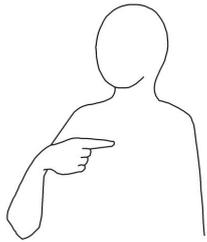

Hands move slightly outwards by wrist movement

Any

dream will do

V2

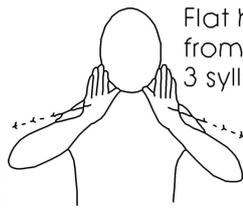

Mime putting coat on over shoulders, show appropriate length

I wore my coat, with

golden lining

Flat hands move from face, match 3 syllables

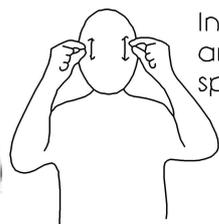

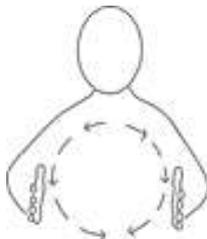

Bright colours shining, wonderful

and

new

And in the east, the dawn was breaking

Index fingers and thumbs spring apart

And the world was waking

Hands move slightly outwards by wrist movement

Any

dream will do

Mime beating a drum, one stroke each hand

M8. A crash of drums

A flash of

light

My golden

coat, flew out of sight

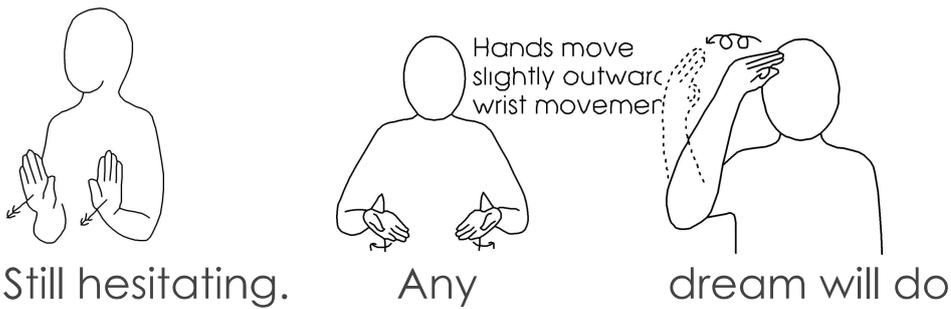

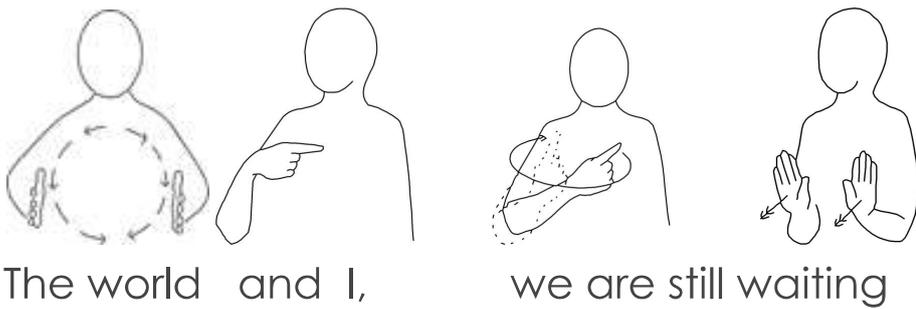

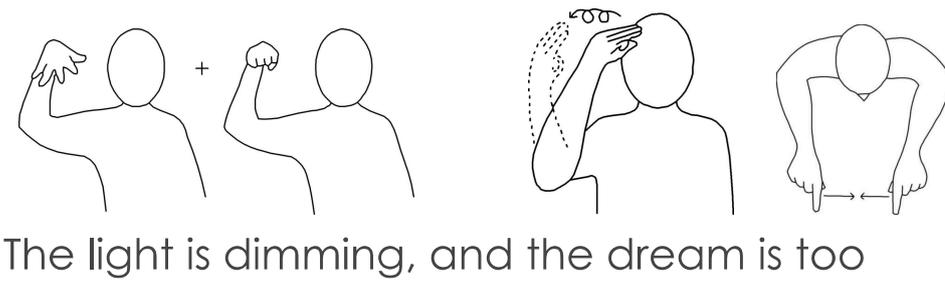

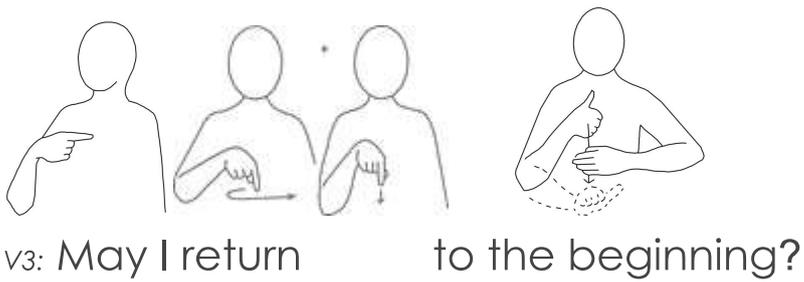

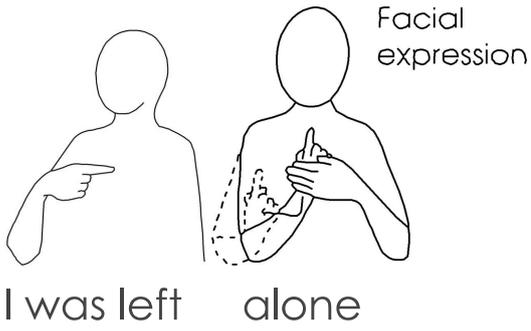

Mime putting coat on over shoulders, show appropriate length

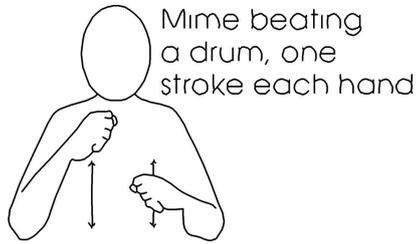

The colours faded into darkness

Make sharp movement to cover eyes

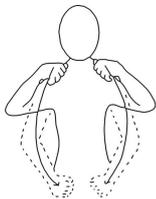

M8: A crash of drums

A flash of light

My golden

Mime putting coat on over shoulders, show appropriate length

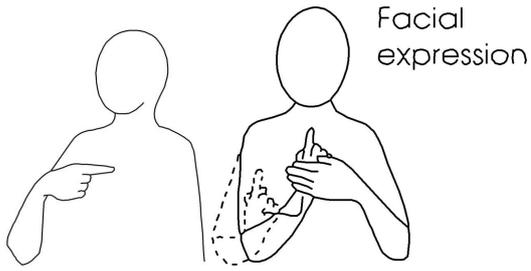

coat, flew out of sight

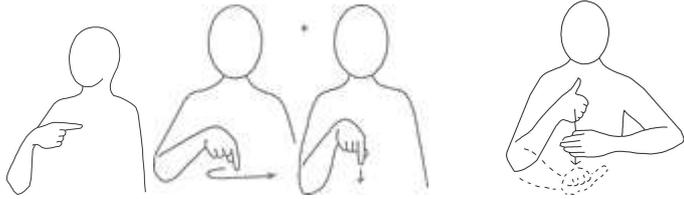

Make sharp movement to cover eyes

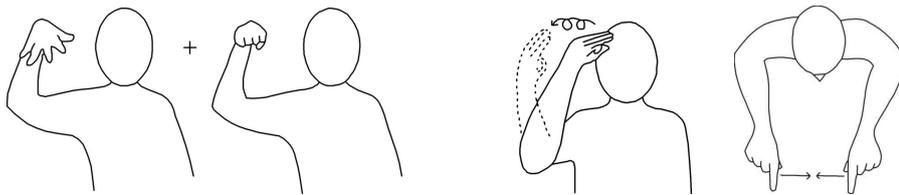

The colours faded into darkness

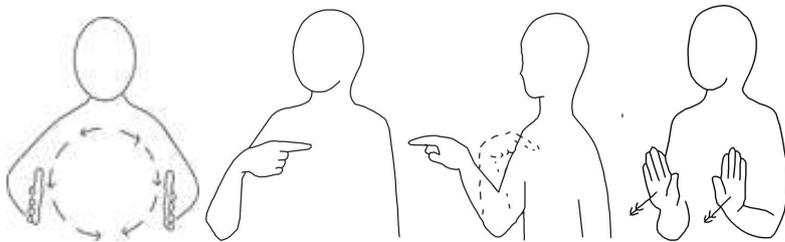

I was left alone

v4: May I return to the beginning?

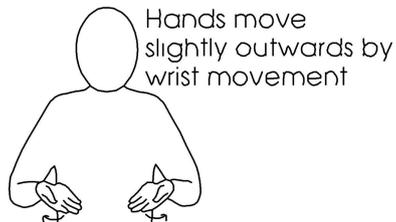

The light is dimming, and the dream is too.

The world and I, we are still waiting

Still hesitating

Any

dream will do

Hands move slightly outwards by wrist movement

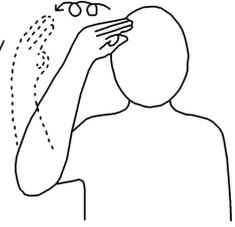

Any

dream will do,

Any

dream will do

Hands move slightly outwards by wrist movement

Any dream will do.
