

Included at Christmas

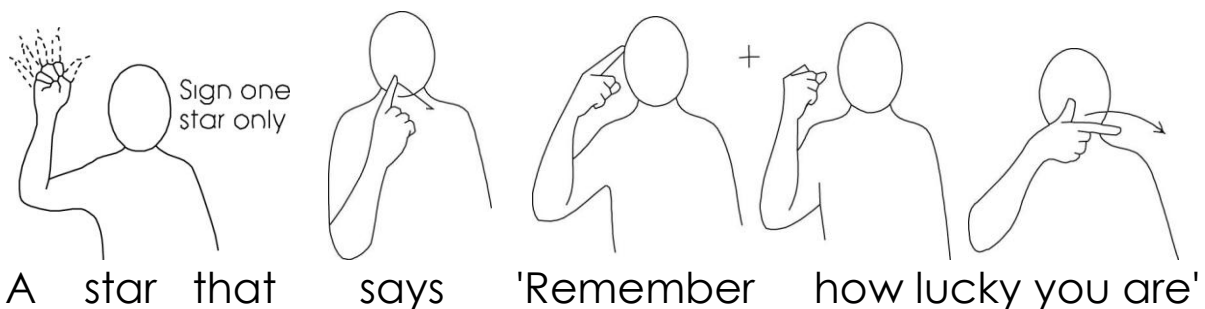

1. There are shining lights, Around the Christmas Tree

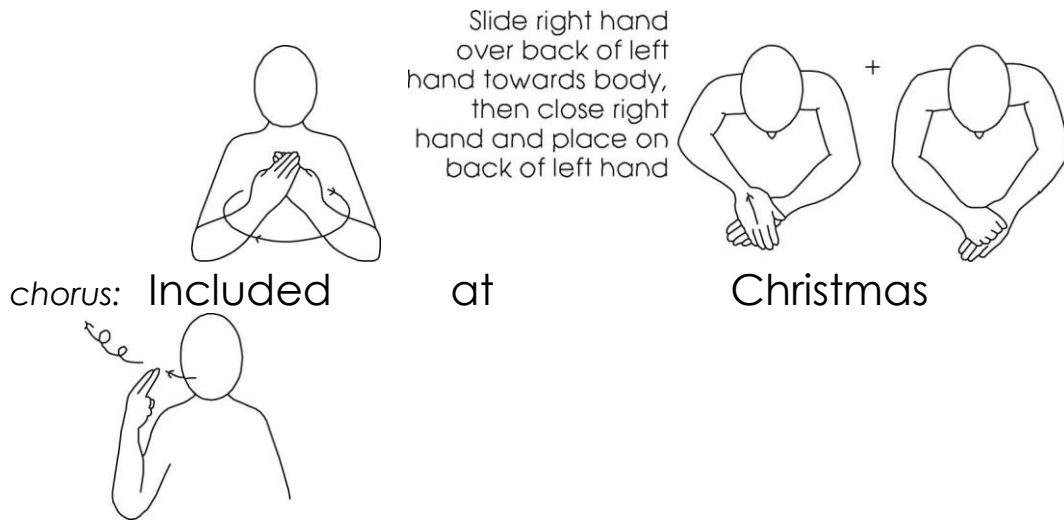

And presents too, For you and presents for me.

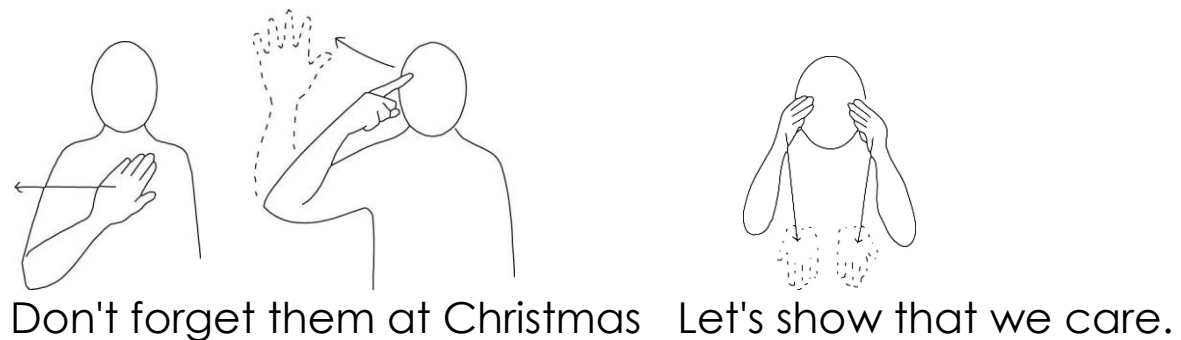

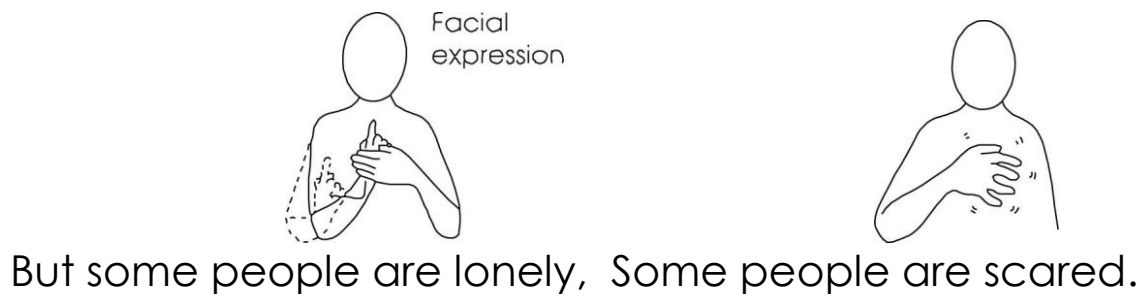

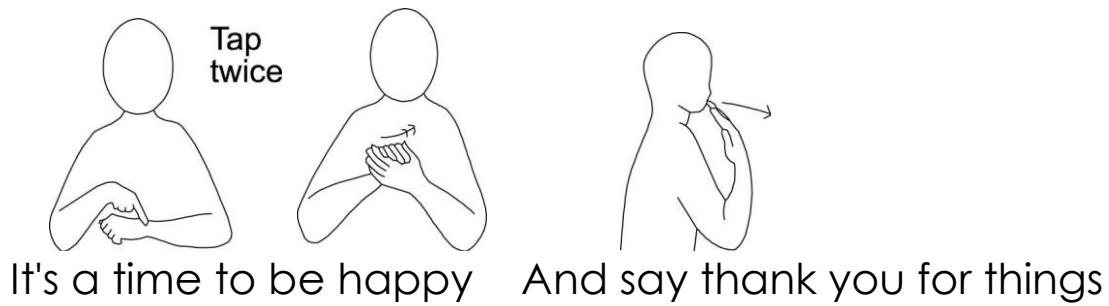

And at the top, we see a golden star

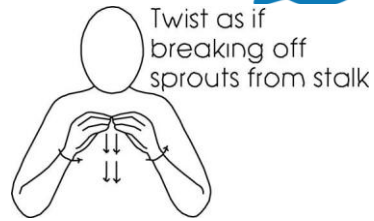

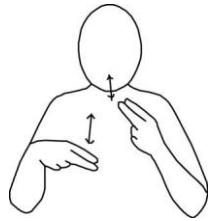

A star that says 'Remember how lucky you are'

Everyone sing

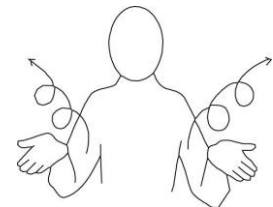

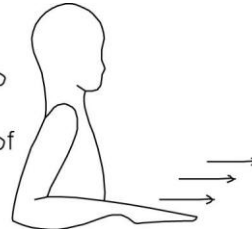

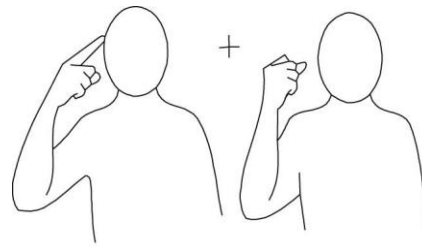

2. There is turkey dinner, I'll even eat a sprout

Show different heights to match number of children

We smile and laugh, While the children play about

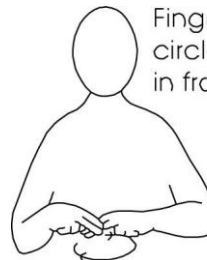

As we eat our cake, We remember once again

Slide right hand over back of left hand towards body, then close right hand and place on back of left hand

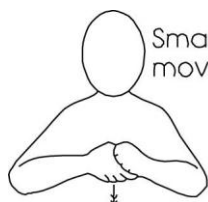

+

Finger spell 'F', circles clockwise in front of body

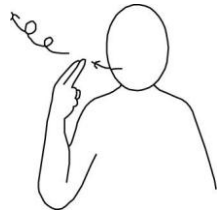

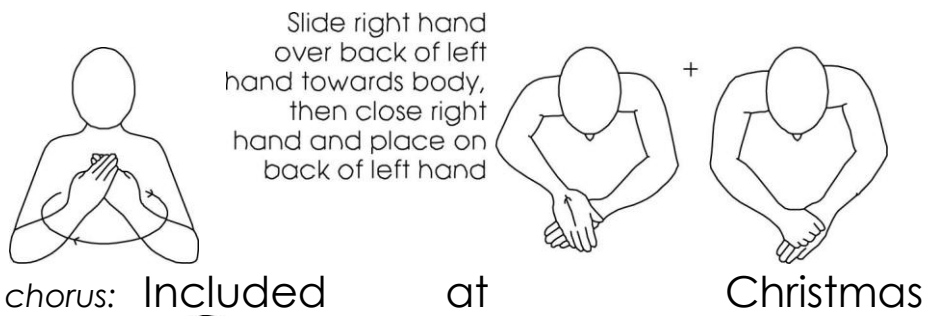

That Christmas time is for family,

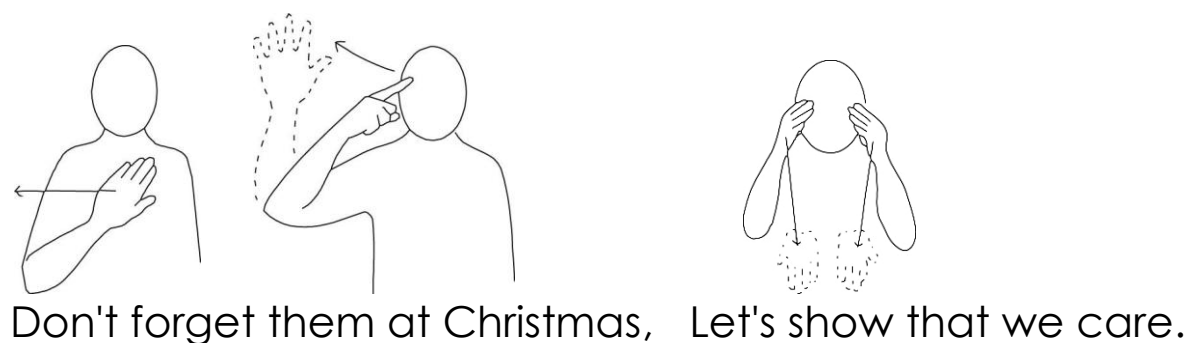

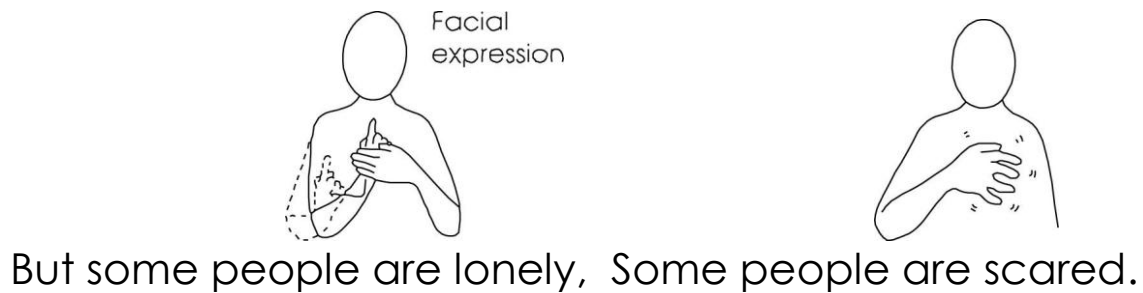

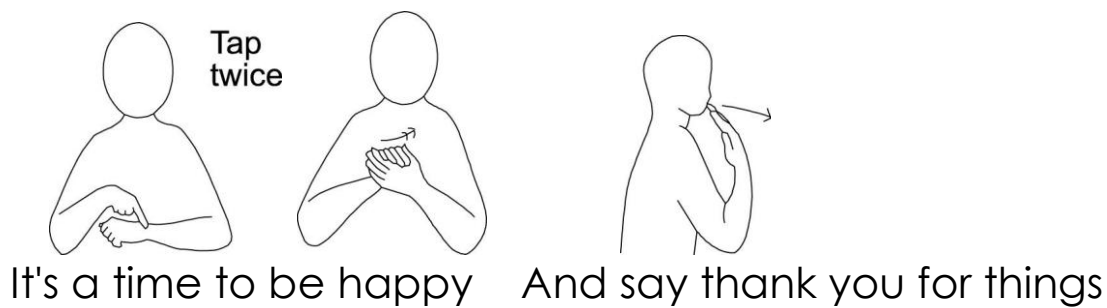

Small downward movement twice

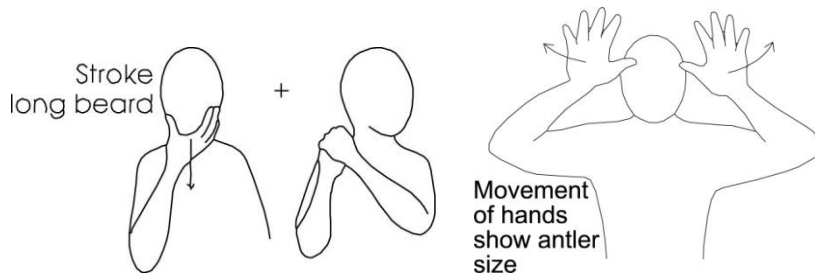

Repeat

Time for friends.

Everyone sing

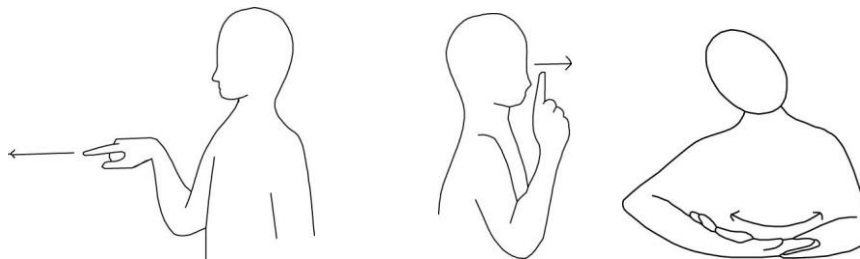

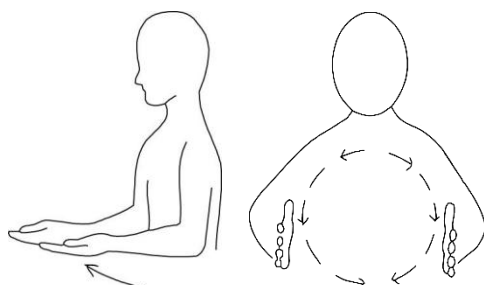

3. We wait for Santa's reindeer in the snow

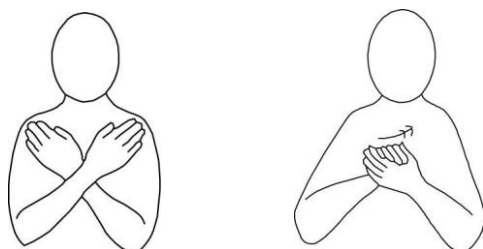

Bringing gifts, Like the Wise Men long ago

They travelled far, To see the baby boy

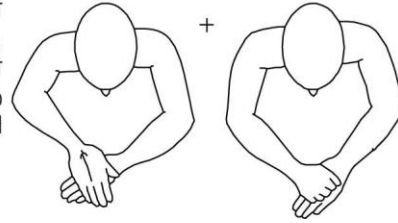

Born on earth,

Bringing love and bringing joy

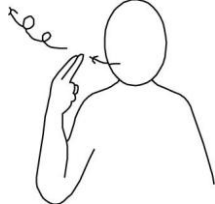

Slide right hand over back of left hand towards body, then close right hand and place on back of left hand

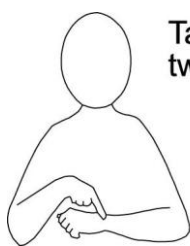

chorus: Included

at

Christmas

Everyone sing

Tap twice

It's a time to be happy

And say thank you for things

Facial expression

But some people are lonely, Some people are scared.

Don't forget them at Christmas,

Let's show that we care.

Don't forget them at Christmas,

Let's show that we care.
