

O Little Town of Bethlehem

Lyrics from <http://www.mldb.org/>

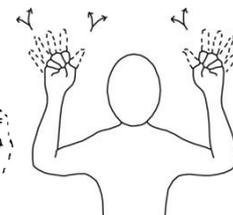

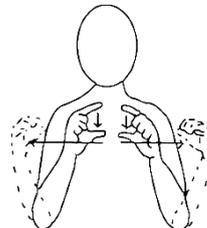

1. O little town of Bethlehem

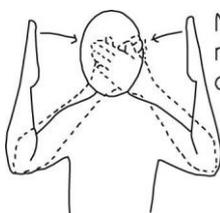

Right flat hand, palm up, makes short movement to the right. Directional

How still we see thee lie

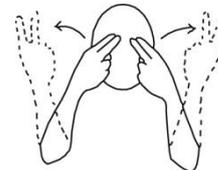

Above thy deep and dreamless sleep, The silent stars go by

Make sharp movement to cover eyes

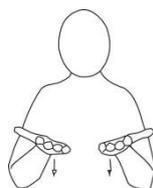

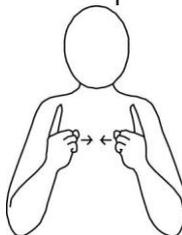

Bunched hands in front of body 'spring open'

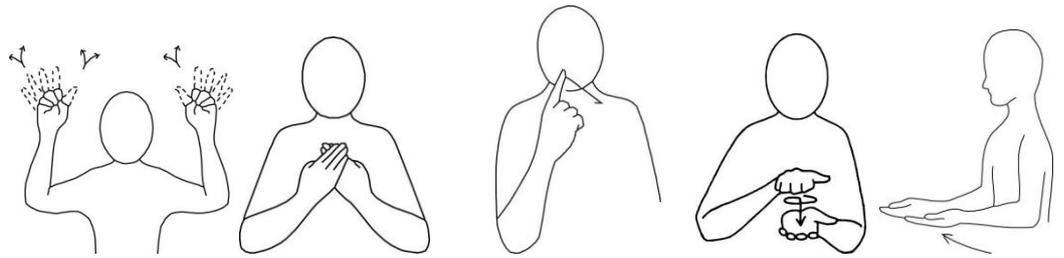

Yet in thy dark streets shineth, The everlasting Light

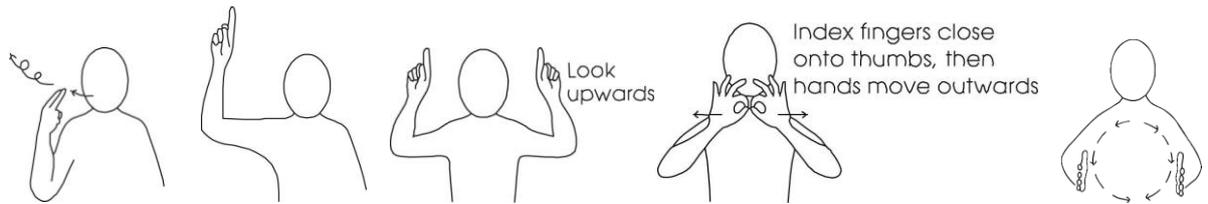

The hopes and fears of all the years

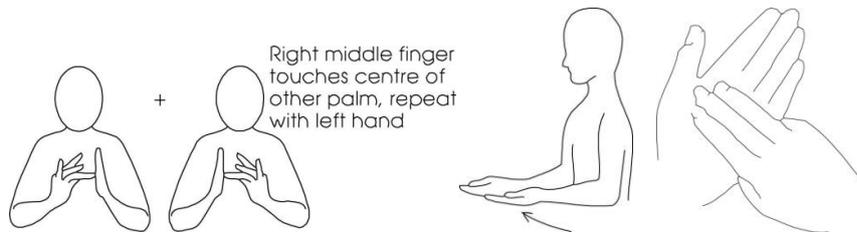

Are met in thee tonight.

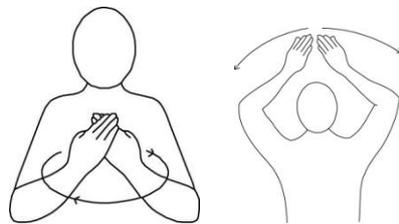

2. O morning stars together, Proclaim the holy birth

And praises sing to God the King - And Peace to men on earth

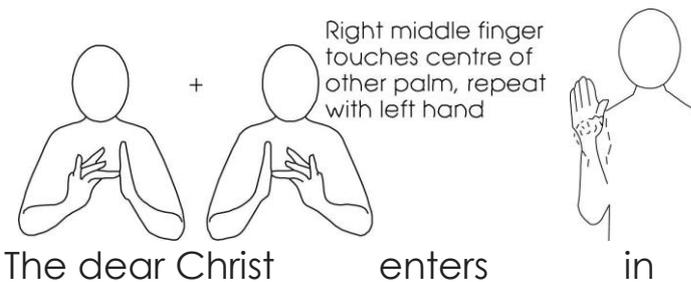

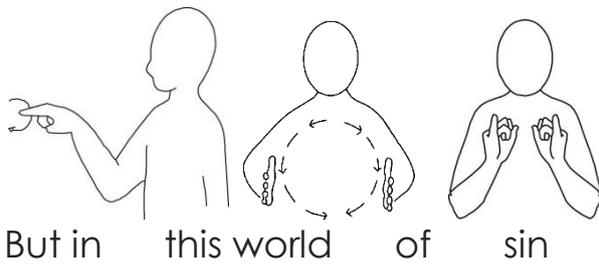

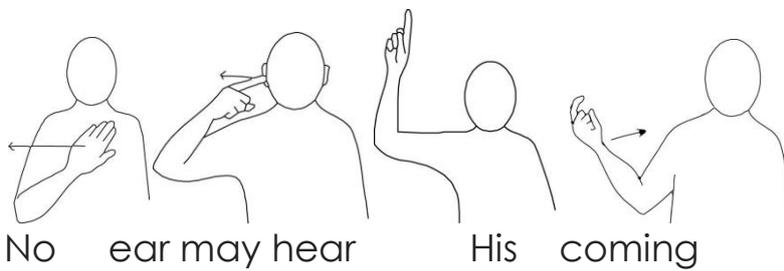

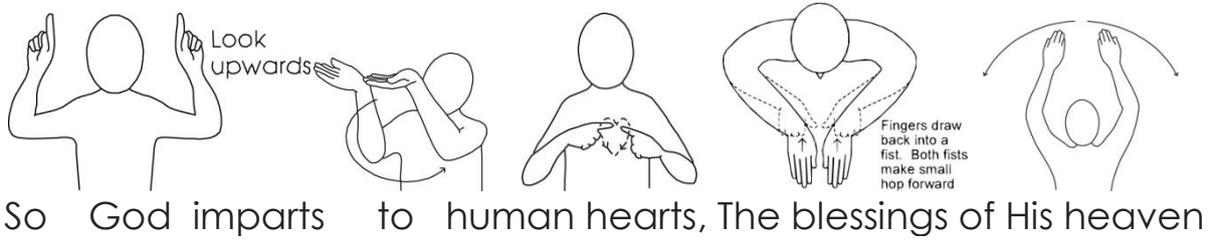

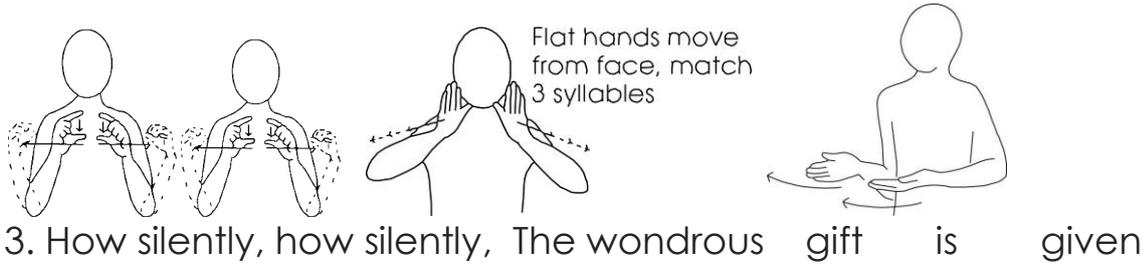

For Christ is born of Mary

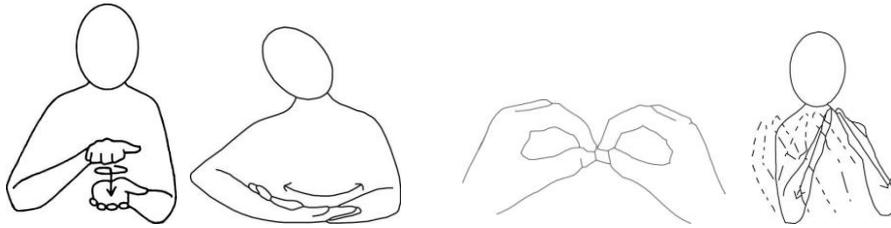

And gathered all above

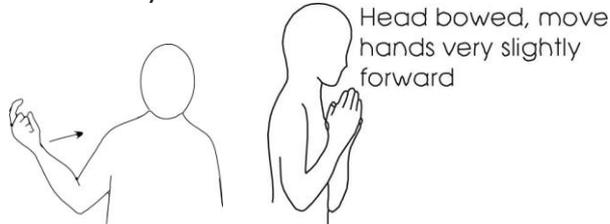

While mortals sleep, the angels keep Their watch of wondering love

4. O holy Child of Bethlehem

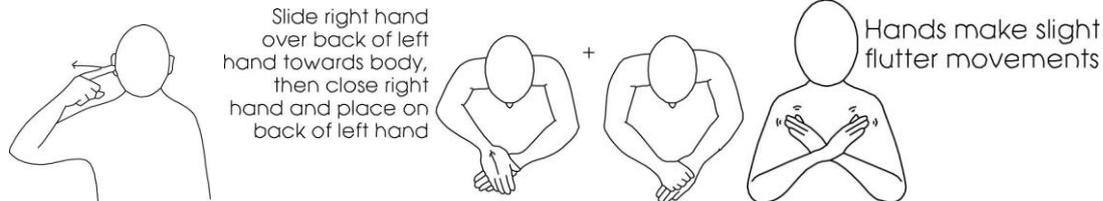

Head bowed, move hands very slightly forward

Descend to us, we pray

Cast out our sin and enter in

Be born to us today

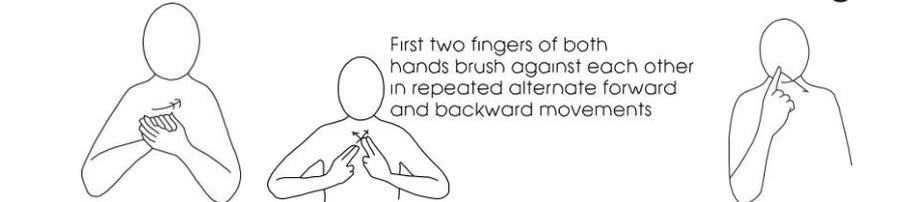

Slide right hand over back of left hand towards body, then close right hand and place on back of left hand

Hands make slight flutter movements

We hear

the Christmas

angels

First two fingers of both hands brush against each other in repeated alternate forward and backward movements

The great glad

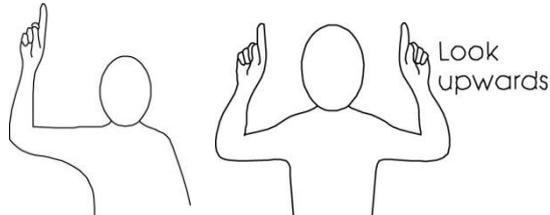

tidings

tell

'C' hands make short firm movement down

O come to us, abide with us

Look upwards

Our Lord Emmanuel
