I will love you,

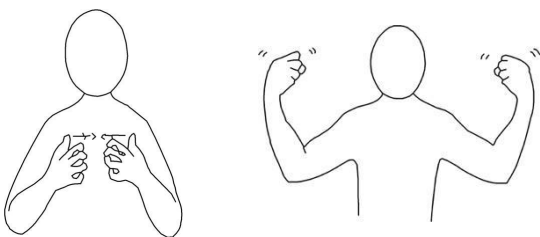

I won't leave you.....heart beats for

you...

But watching you stand alone

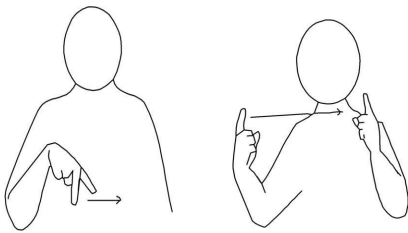

Tense hand  
Use both  
hands if very  
worried

Tap twice

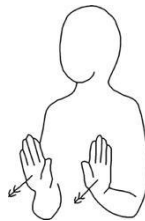

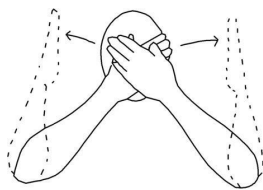

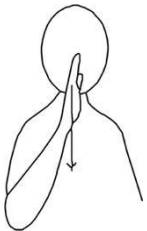

All of my doubt suddenly goes away somehow.

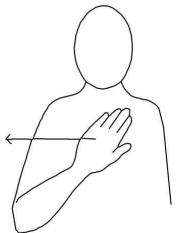

One step closer

Chorus

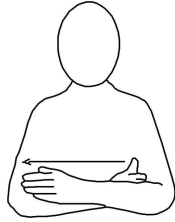

I have died every day waiting for you,

Darling don't be afraid, I have loved you

For a thousand years,

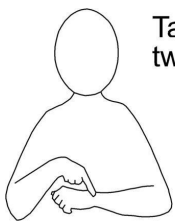

I'll love you for a thousand more.

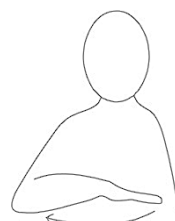

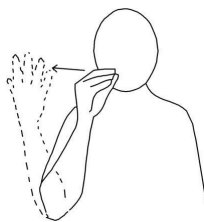

Thousand years...

v2

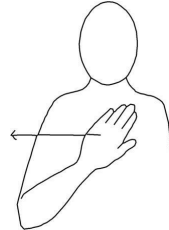

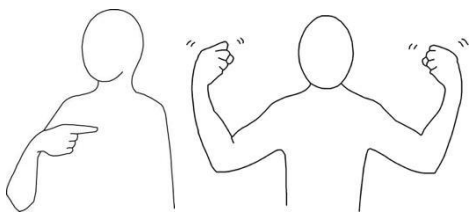

Tap twice

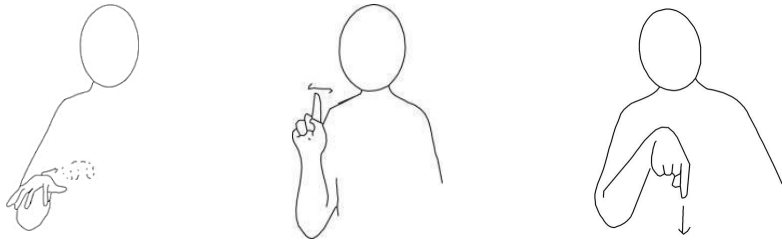

Time stands still,

Beauty in all she is,

I will be brave

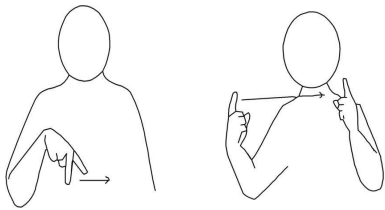

I will not let anything

Take away what's standing in front of me

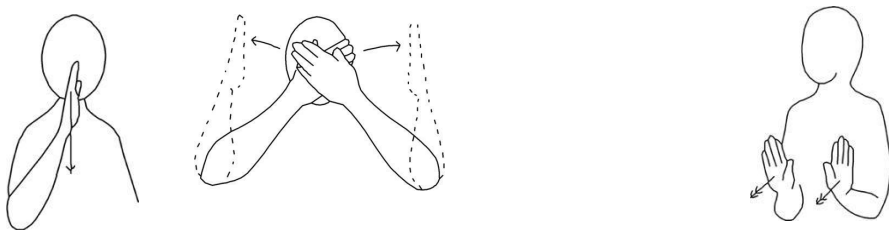

Every breath, every hour has come to this.

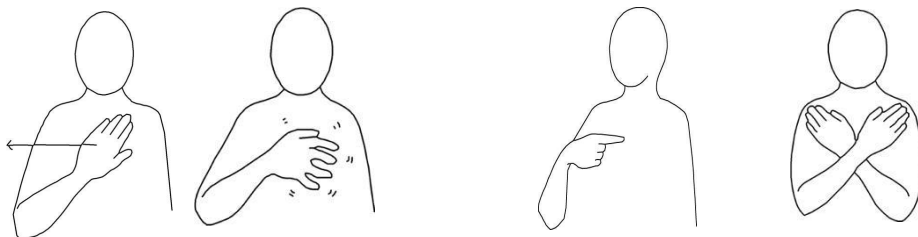

One step closer

Chorus

I have died every day

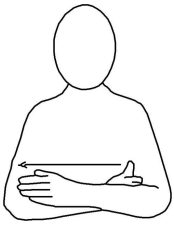

waiting for you,

Darling don't be afraid

I have loved you

I'll love you for a thousand more

Chorus 2

Small circular movement on temple

+

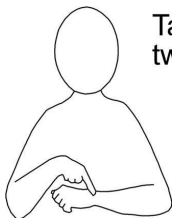

Hand strikes palm deliberately

All along,

I believed

I would find you

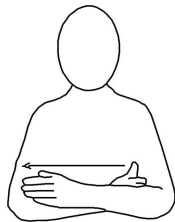

Tap twice

Time has brought you to me,

I have loved you for a thousand years

I'll love you for a thousand more

Yes, for a thousand years...

Thousand years...
