

Bridge Building Challenge

Include is asking people to do a fun **Bridge Building Challenge** with **small things** you have. For example, you **could use Lego** or **lolly sticks** to **build a bridge**.

The **team challenge** is for **people** to **build a bridge together** **without speaking or writing words**.

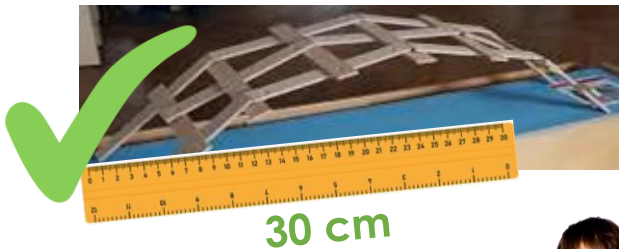

Team 1

Team 2

Try to **make 2 teams** with the **same number of people**. This way you can have a **fun competition**.

Each team will **build a bridge** with a **base of 30cm or more**.

The team that builds the **tallest** bridge **will win**.

This **challenge** will **help** you **notice** the different **ways people** can **communicate** and **include people**. Not just with words.

Communicate

Get Ready To Build

Bridges can be built from things like **Lego**, **lolly sticks**, **dry pasta**, **blutac** and **tape**. Choose what you will use. **Each team needs the same things to build their bridges.**

You also need:

- A **paper and pencil** for each team.
- A **ruler or tape measure**.
- A **stopwatch or timer** to make sure **each team** has the **same amount of time**. Try 15 minutes.
- You can **balance** your **finished bridge** between two **chairs or tables**.
- A **camera or phone** to take photos of the **bridge build**. If you are **happy for us to share your photos** please **send them to media@include.org** or **tag Include** on social media **#IncludeBridgeChallenge**
- Some **ways to communicate without words**: **pictures, drawings, symbols, mime or signing**.
